## SCHOOL GROUPS – OUTDOOR ENVIRONMENTAL EDUCATION

YMCA Camp Chandler is much more than a place to take students for a field trip. It is a special place where students have hands-on experience with nature through enriching activities in the outdoors.

Classrooms come to life on our forest trails and lake. We welcome school groups and other learning institutions throughout the year. Our unique academic curriculum includes classes in art, science and social studies. Outdoor education is more than learning, it is living within our natural environment. Ample bus parking is available.
